

Vel's Purple Oasis @ 2212 Petrarca Road, Cleveland, Ohio 44106

The first High Tunnel of Cleveland's 2014 High Tunnel Project.

Come learn how to build a high tunnel by helping an urban farmer build her new one! Participants in this training build will get hands-on experience building a high tunnel from start to finish with the chance to ask questions throughout the entire build. Be ready to build your own high tunnel following this weekend, and meet others in the county who are planning to build, and grow, too!

For more information and to RSVP, please call Tonie Owens @ 216-889-7910 or email tonieowe@gmail.com
